

DOS-1208-GA

Field-wireable connectors

SICK
Sensor Intelligence.

Ordering information

| Type | Part no. |
|-------------|----------|
| DOS-1208-GA | 6028369 |

Please consider the operational voltage of the connector. For sensors with an integrated cable and flying leads the operational voltage of the connector can be lower than the operational voltage of the sensor.

Detailed technical data

Technical specifications

| | |
|--------------------------------|---|
| Connection type head A | Female connector, M12, 8-pin, straight, A-coded |
| Connection type | Screw-type terminals |
| Connector material | Zinc die-cast, nickel-plated |
| Connector color | Silver |
| Locking nut material | CuZn |
| Shielding | Shielded |
| Permitted cross-section | 0.25 mm² ... 0.5 mm² |
| Reference voltage | ≤ 60 V |
| Current loading | 2 A |
| Authorizations | UL |
| Enclosure rating | IP67 |
| Operating temperature | Head -40 °C ... +85 °C |

Classifications

| | |
|---------------------|----------|
| ECLASS 5.0 | 27279290 |
| ECLASS 5.1.4 | 27279290 |

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
