Detailed technical data

Technical specifications

Connection type head A	Female connector, terminal box, 8-pin, straight
Connection type head B	Female connector, D-Sub, 9-pin, straight
Connector material	PVC
Cable	0.4 m
Cable diameter	5 mm
Conductor cross section	0.08 mm ² , 4 x 2 x 0.08 mm ²
Shielding	Shielded
Reference voltage	≤ 300 V
Signal type	CANopen
Description	Adapter cable for encoders with CANopen interface and cable outlet
Operating temperature Stationary position	–30 °C ... +80 °C

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
